## What does Naviance Family Connection offer the LISD community?

Family Connection is a comprehensive website that students can use as a tool in planning for their future. It includes: personality profiles; career interest inventories; college comparison information; tools and other helpful resources. The web-based student portfolio assists in keeping track of academic records, college applications and data from thousands of college campuses.

Please explore the Naviance link on your campus web site to view some of the following choices:

- Get involved in the planning and advising process - Build a résumé, complete web-based surveys, and manage timelines and deadlines for making decisions about colleges and careers.
- Research colleges – Browse by location, majors, costs, size. Create personalized list for further investigation.
- Sign up for college visits - Find out which colleges are visiting our school and sign up to attend those sessions

Naviance Family Connection will share information with you and your child about upcoming meetings, events and opportunities. We are excited to provide this new planning tool and look forward to supporting student success. Parents and students should have received user names and passwords. If you have any questions, please call your campus counseling office.
